To staff, pupils , parents and carers,

On behalf of Highland Malawi Trust, we would like to thank you all most sincerely for the cheque received by us following your fundraising in September.

Your efforts and consequent result in raising a total of £3201.00 was truly amazing .

The money will be used later on in the Spring to build a two room block at Thandazga Junior School near Mzuzu in Northern Malawi.

This will complete the building work for them, at this campus, and will ensure that all teachers and children at the school will at last be able to work in a decent environment.

We shall keep you informed of the progress via our Website and Facebook Pages.

Once again, sincere and heartfelt thanks from the Trust and also from the Management Committee at Thandazga Junior School.

Kindest Regards
Reay and Chrisanne
